

Xiao-I Corporation Announce the significant progress in the new product DIF (Daily Invest Focus), Empowering Investors with Advanced Market Insights

May 1, 2024

SHANGHAI, May 1, 2024 /PRNewswire/ -- Xiao-I Corporation (NASDAQ: AIXI) ("Xiao-I" or the "Company"), a leading artificial intelligence company, is proud to announce the forthcoming launch of its innovative product, DIF (Daily Invest Focus), in May 2024. This product is poised to revolutionize the approach to stock market analysis with the tagline "Maximize your market moves."

In today's landscape of information abundance, extracting valuable data is essential for formulating strategic investment decisions. DIF is designed to provide investors with effective and insightful information, serving as a critical component in interpreting market sentiment and identifying viable investment opportunities. This empowers investors to maneuver through the intricacies of financial markets confidently, with decisions firmly rooted in clarity amidst a sea of unfiltered data.

DIF addresses this challenge by incorporating an advanced artificial intelligence framework known as Agentic Workflow. This framework marks a significant shift from conventional static Q&A interactions with Large Language Models (LLMs). Instead, it adopts an iterative and multi-step process, capitalizing on the synergistic efforts of multiple AI agents to perform complex tasks. The Agentic Workflow facilitates collaboration among these AI agents, enabling them to distribute tasks, engage in discussions, and debate, thereby arriving at more refined solutions than could be achieved by a single agent.

The DIF platform's investment information output is meticulously structured through a tiered process, expertly coordinated by specialized agents. The process encompasses four distinct phases: information gathering, synthesis, analysis, and conclusion formulation, each managed by an agent with a defined role. These agents operate with clear responsibilities while also engaging in dynamic discussions and collaborative efforts, ensuring the optimization of our output results.

Xiao-I is dedicated to making changes in everyone's life with AI. With the introduction of DIF, Xiao-I is not merely launching a new product; it is introducing a paradigm shift in investment strategy, empowered by AI. Xiao-I will continue to drive the development of AI technology, bringing more innovation and surprises to users. Please stay tuned for the release of the DIF products in May by Xiao-I, we invite you to join us in this transformative journey as we redefine the future of investing. Welcome to DIF—Where Intelligent Investing Begins.

About Xiao-I Corporation

Forward-Looking Statements

This press release contains forward-looking statements as defined by the Private Securities Litigation Reform Act of 1995. Forward-looking statements include statements concerning plans, objectives, goals, strategies, future events or performance, and underlying assumptions and other statements that are other than statements of historical facts. When the Company uses words such as "may," "will," "intend," "should," "believe," "expect," "anticipate," "project," "estimate" or similar expressions that do not relate solely to historical matters, it is making forward-looking statements. Forward-looking statements are not guarantees of future performance and involve risks and uncertainties that may cause the actual results to differ materially from the Company's expectations discussed in the forward-looking statements. These statements are subject to uncertainties and risks including, but not limited to, the following: the Company's ability to achieve its goals and strategies, the Company's future business development and plans for future business development, including its financial conditions and results of operations, product and service demand and acceptance, reputation and brand, the impact of competition and pricing, changes in technology, government regulations, fluctuations in general economic and business conditions in China, and assumptions underlying or related to any of the foregoing and other risks contained in reports filed by the Company with the U.S. Securities and Exchange Commission ("SEC"). For these reasons, among others, investors are cautioned not to place undue reliance upon any forward-looking statements in this press release. Additional factors are discussed in the Company's filings with the SEC, including under the section entitled "Risk Factors" in its annual report on Form 20-F, as amended, filed with the SEC on August 10, 2023, as well as its current reports on Form 6-K and other filings, all of which are available for review at www.sec.gov. The Company undertakes no obligation to publicly revise these forward-looking statements to reflect events or circumstances that arise after the date hereof.
